## Benefits

### Excellent traction on snow

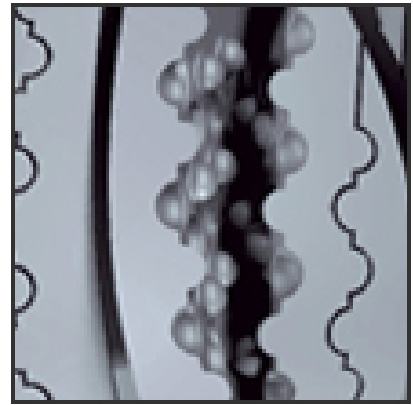

Enjoy reliable winter traction with Fulda's SnowCatcher Technology. The center grooves form an interlocking network that catches the snow as you drive, helping your tyre keep its grip on snow-covered roads.

### Superb grip at low temperatures

The tyre uses a special polymer that stays flexible at low temperatures, helping to maintain optimal performance in extremely cold conditions.

### Optimized for all-round performance

The Kristall Montero 3 features Bubble Blade Technology, which balances the need for a dense blade arrangement that can tackle ice and snow, with a stable tread design that handles well in every type of winter weather.
