

Description

The Sava intensa hp is a long lasting summer tyre that excels on wet roads. High performance - without the high price tag. Find your nearest dealer here

Benefits

Reliable wet and dry handling

Handling stays responsive in sunshine and rain, thanks to an optimised tread design that keeps more rubber in contact with the road.

Great wet braking performance

The special silica rubber gives high levels of grip, for firm braking on rain-soaked roads as well as dry. Biting edges in the tread add extra gripping power.

Easy on fuel

Save money on petrol and lower your CO2 emissions. The intensa hp is a lightweight tyre that needs less energy to roll, helping your car run more efficiently.

High mileage

With the intensa hp's longer tread life, you'll benefit from fewer trips to the dealer. The intensa hp keeps going for longer thanks to even pressure distribution and a durable tread compound.
